

Perspective & Floor Plan are artists impressions only

'The McKenzie'

Home Features

Living	198.10m ²
Porch	2.20m ²
Total Floor Area	200.30m²

Designer Notes:

This popular design features a large Kitchen in the centre of the home and allows for the living spaces to open out to the external pergola and garden areas. It is compact in size, but not short on features or storage. A big roof design means it is impressive from the street too.
